Tom Talks

Hello again everyone! Hot is a good word to throw around these days! I hope everyone is well and ready for fall activities!

A new copy of Ragtops and Running Boards will be passed around at the next meeting and every weekend has plenty of events to attend. Be sure to attend our meeting as I have a "road trip that never happened" story to share for your enjoyment. Note: it was not enjoyable while it unfolded!

We also need to finalize some upcoming events of our own. Never too early to discuss new officers for next year, Christmas party plans and Oldsmobile updates! Bring a guest / could be a new member soon?

Tom

COB Comments

Not too much going on as of the end of July, just too darn hot to even get the cars out and go anywhere!! I sure hope every member of our great club is being super careful when outside doing anything. I have been working on inside the shop projects and trying to get ready for Charlotte and Hershey. Charlotte Auto Fair will be here in about 5 weeks and Hershey is 3 weeks after that.

So that you all know, my Charlotte spaces are SO and TO 28-29! Stop by when you are at Charlotte, I always have some cold H2O and a place to stash your purchases while you go after some more!! We have some good club functions coming up so check your computer Newsletters for dates and times. President Tom has some great plans for this fall!!

Also, keep in mind, our club Newsletter Editor Curt needs more input from us all. For all you new members, please consider getting an article worked up for Swamp Fox Rides about your car. We have some great new members with some really great cars!

Don't let your "non-Boring" cars stay in the garage too long. When this heat breaks, get em out!!!
AL Robinson

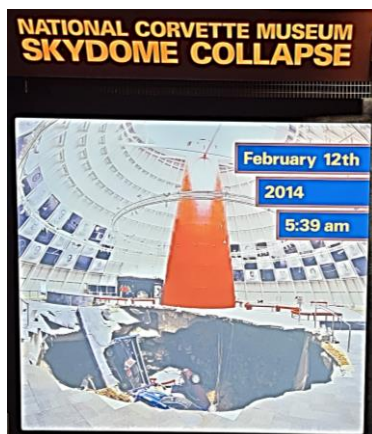

The Editors Turn

This issue of the newsletter has a photo feature of a vacation trip we took to attend the Corvette Museum in Bowling Green, Kentucky. The museum was constructed and opened in 1994. It is located a quarter mile from the Bowling Green Assembly Plant, where Corvettes have been made since 1981.

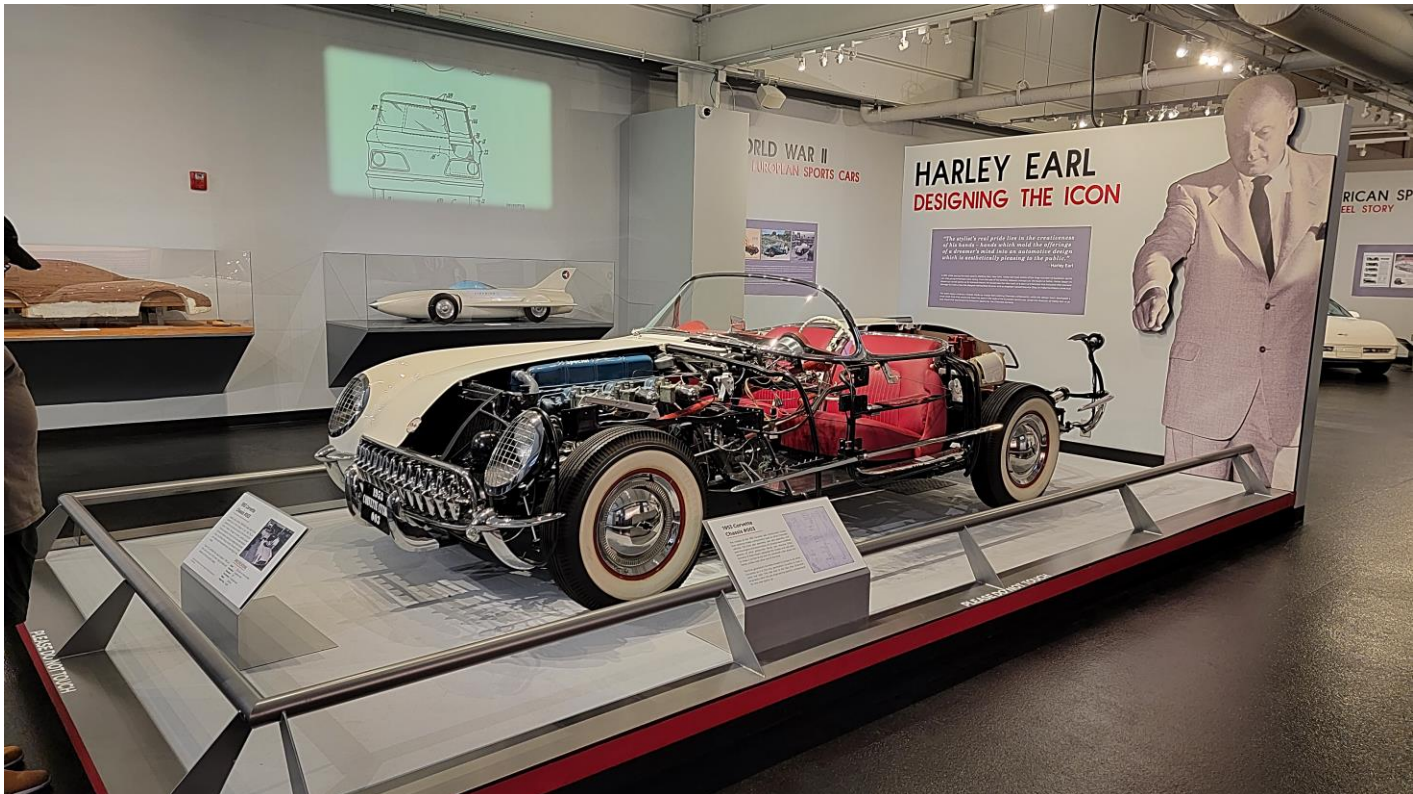

On February 12, 2014 the floor collapsed in the Skydome and eight rare Corvettes on display fell into the large sink hole. They were all recovered and a few were later restored. The museum reopened the day after the sinkhole appeared.

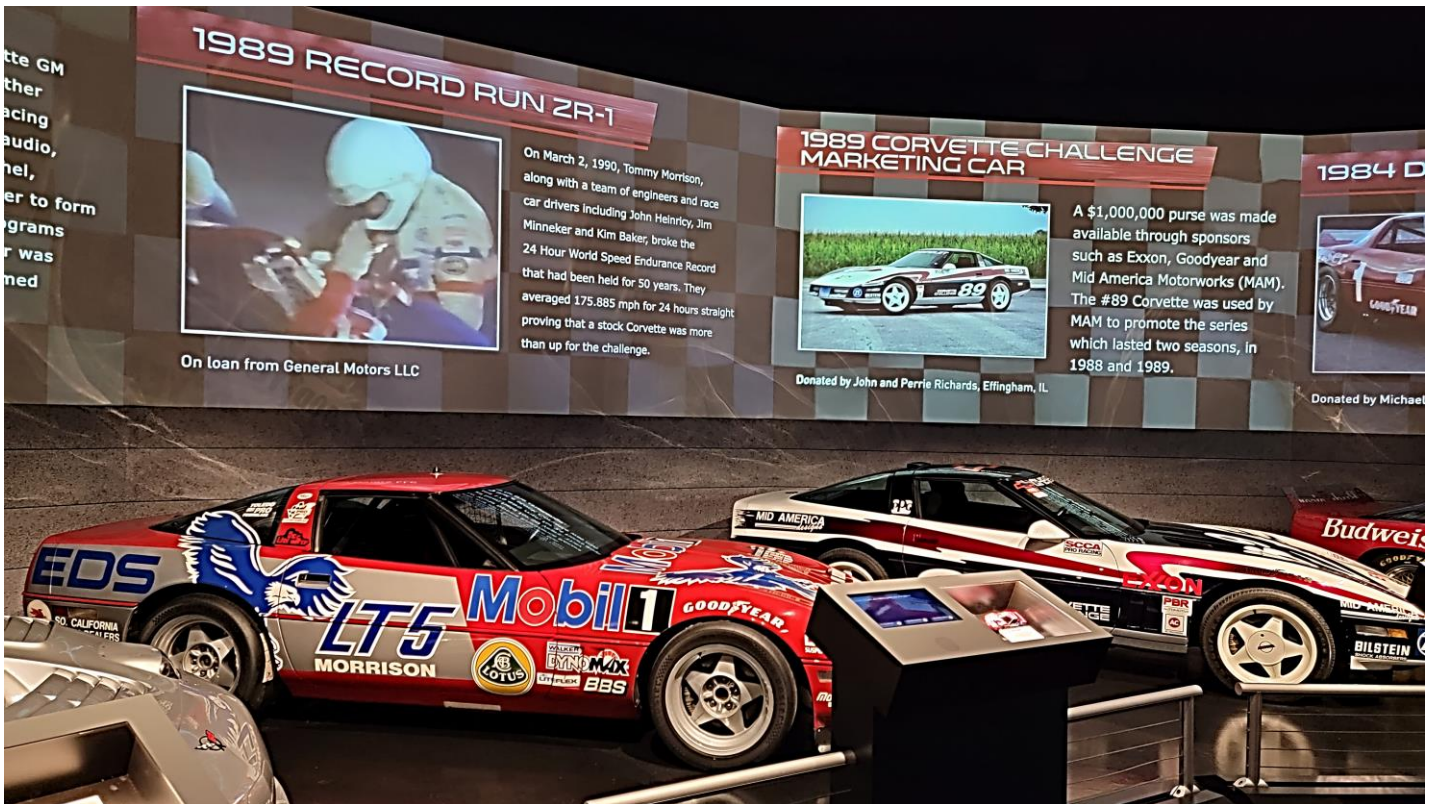

When you order your new Corvette you can select option package R8C and take delivery of your car inside the Corvette Museum. See pictures below.
